

Z1 Filter

TRIPLA-T4

**GENERAL INFO**

**DESIGNED FOR MAINS WATER**

**Quick-Twist Undersink Filter with Tripla T4 LED 3-Way Mixer Tap**

The Z1-T4 'tap & filter' package incorporates the latest Z1 filtration technology and the Tripla triple-action tap all-in-one system.

The Puretec Z1 reduces chlorine, taste, odour, chemicals, sediment and cysts, leaving all vital minerals. This innovative filter is easy to install, mounts horizontally or vertically and valve-in-head technology means the water supply is automatically cut off when you change the cartridge. The Z1 can be as easily replaced as changing a light globe!

The Tripla 3-in-1 mixer tap gives you hot, cold, filtered/or rainwater water, all from just one mixer. The filtered and unfiltered water have completely separate lines inside these taps which means there is no cross contamination between filtered and unfiltered water.

Enjoy water the way it should be, abundant, clear and beautiful tasting from your own water supply, any time of the day.

**ADDITIONAL INFORMATION**

**Timeless Styling**

With a striking yet timeless styling, the Tripla T4 has been expertly crafted, providing a sleek modern tap that will make a statement in your kitchen. The handle with the neatly integrated LED light can be easily turned to operate the filtered water and when the filter is due to be replaced the light turns from blue to red. As with all Puretec Tripla taps there is no mixing of filtered and unfiltered water.

**Hygienic Quick Cartridge Changes**

The valve-in-head design shuts the water off automatically means no mess, the cartridge can be easily replaced - just like changing a light globe. Enjoy water the way it should be, abundant, clear and beautiful tasting from your own water supply, any time of the day.
